US Embassy Koror announced a unique opportunity to log-on and participate in the EducationUSA sponsored virtual college fair scheduled for November 13 and 14, 2012. Over 150 universities including Bucknell University, Arizona State University, the University of Southern California and many more were available with admissions, application and financial aid information. The two day on-line fair represented a unique innovation in higher education and allowed students, parents and faculty an opportunity to explore college and university possibilities in the U.S. Although the fair has ended, interested individuals can still access EDUCATIONUSA information by internet at link <http://educationusa.state.gov/>.
